*Smoothies contain sodium casinate, a derivative of milk.

*Smoothies contain coconut oil.

Common Tree Nuts that may be found in our stores include almonds, cashews, chestnuts, coconut, macadamia nuts, pecans, pistachios, and walnuts. The Allergen information provided is based on standard product formulations. Product variations may occur based on regional differences, ingredient substitutions, seasonal conditions, differences in product production at the store, and suppliers. Some items listed may not be available in all stores. This list may not include test products, limited time offers, and regional menu variations.

**These supplements have not been evaluated by the FDA. They are not intended to diagnose, prevent, treat, mitigate or cures, any disease but rather as a dietary supplement intended only for nutritional support to a well balanced diet of food. Please consult your physician before starting any supplement program, especially if you are pregnant, nursing or taking medication. These products are not recommended for children.
